MONTH - MARCH & APRIL | ISSUE - 05 | YEAR - 2022

FROM THE PRINCIPAL'S DESK

Mrs. Pratima Sharma
Principal

These two months have been the testing months with the students coming back to the school and taking tests and examination in offline mode.

I believe that having quality, inspirational and passionate teachers is essential to a school's success. To borrow John Hattie's words; **"teachers should build classroom climates where errors are welcome, student engagement is the norm, questioning is high and students gain reputations as effective learners."**

To equip our students for the new academic session we had bridge course to fill the learning gap due to online mode during the 2 years of pandemic. Lot of engaging activities in the classrooms ensured that our students are active participants in their learning.

We do everything in our school to ensure that our students are not afraid to try anything new. Students participated in the CCA activities and proved that participation is more important than winning.

School Celebrations and Activities

School as a community celebrated few activities/competition/celebration which includes parents, guardians and students to involve themselves and be a part of our school family.

1. Open House

After the successful completion of academic year 2021-2022 we had a Open House – Parents Teachers Meeting to discuss about the child's progress with their parents and areas of improvement required. It also gives us immense pleasure to take the valuable feedbacks from our esteemed parents for future developments required in school.

2. Welcome Day

School welcomed the students for the new academic session 2022-2023 with fun filled activities to make them feel special.

3. Bridge Course

Bridge course is one of the most important part in schools as it will help the students to have a strong foundation of the previous year before they move to new academic session. All the important concepts were cover through activities based learning so that students can learn by doing and involving themselves.

4. Co-Curricular Activities

Co-curricular activities offer the students an opportunity of thinking unusually and getting the innovative ideas of their own. Participation in these activities also aid a student's social skill development, emotional development and overall personality development.

We conducted activities such as - Spot the Difference, Dance, Essay Writing, Elocution, Role play.....

5. World Heritage Day

February month ended with the revisions and readiness for the Final examination with teachers sharing exam tips to the students as our students will be writing their final exams in offline mode after the gap of two continuous years.

6. International Dance Day

International Dance Day was celebrated on 29th April 2022 to mark the importance of dance as an art, which is now a sought after profession. All our students enjoyed the event by showing their dance Skills. Ms. Neha Prajapati along with the teachers have made this event an extra special with their performance which motivated students about the importance of dance in our daily life.

7. Teachers Orientation Programme

As a school we believe in regular professional development, upgradation of skills, and learning new strategies for teaching. Shanti International School has conducted teachers' orientation programme for our teachers of Grades 1 and 2 at SIS Unjha to introduced them to the books of Grade 1 and 2 based on the NEP 2020 .

Our teachers also attended Teachers Enrichment Programme conducted by the Ramakrishna Mission, Delhi and recommended by the CBSE board – The Awakened Citizen Programme at Ahmedabad.

7. Parents Orientation Programme for Grade 1 and 2

We believe in partnering with our parents and discussing with them the changes we bring in. The books were introduced to the parents by Mr. Suraj and Ms. Caroline (Education India) and Head Principal- West Zone - Ms. Manjula Sachin. They explained the features of the books and highlighted how it will be implemented through different activities and integration of subjects. Parents queries were also addressed.

PARENT'S TALK

"Token of Appreciation" School is a place where everyone gets the first lessons of their life. Children know about what is right and what is wrong. They learn how to overcome the challenges. In this Pandemic despite of so many challenges "Gyan Akshar School Came out like a true "alma mater" for persuading the studies in structured way. I would like to appreciate the efforts of Gyan Akshar School for conducting online classes for kids. They adopted the digital platform so quick and make it so easy for kids to handle. I would like to appreciate the efforts of teachers for their support and Adoptions of online teaching methodology and their engagement with kids from morning to night. Every time they are very prompt regarding kids queries. We feel that they stretched their efforts twice the normal time. I sincerely thank all who puts their efforts to make it success!!

TEACHER'S TALK

it is very exciting to be a part of the Gyan Akshar team. I am jainika nayi and I have been teaching for the last few years in Unjha. I strongly believe that teaching is the noblest profession. A teacher always should be a learner. I have learned many new things in Gyan Akshar School.

It has been a great experience working with an entire team of Gyan Akshar because it has innovative ideas and skills for the all-around development of students. What else I can say; our dedicated team is working round the clock for the students. Last but not least special thanks to principal madam for guiding us.

Jainika Nayi
