MONTH - SEPTEMBER | ISSUE - 05 | YEAR - 2022

FROM THE PRINCIPAL'S DESK

Mrs. Pratima Sharma
Principal

"Keep your face always toward the sunshine-and shadows will fall behind you." -Walt Whitman
September month had an interesting mix of celebrations and the term end evaluation. Students celebrated Onam and Navratri demonstrating true spirit of secularism. In a time where English is the most preferred language, Hindi Diwas reminds us of the beauty and marvel of the language that unites as the citizens of India. It was observed on the 14th September.

Students organized a special program for all their gurus on the 5th September celebrated as Teachers Day in the honour of Dr. Sarvepalli Radhakrishnan. The day was an emotional one for all the teachers.

This month the school also organized "Grandparents Day". This day had a different energy in the school with the grandparents showering their love and positivity on the school and children. Parents of Pre-Primary were invited to attend "Rhyme Singing Session" in the school. PTM was organized to facilitate the interaction between parents and teachers prior to the term end examinations so that all the anxiousness of parents could be settled. Parents gave us many positive points and suggestions which we have accepted whole heartedly.

Post examination the school has started special classes to prepare students for the Olympiad exams.

That's the glimpse of "Scintillating September" at Shanti International School!!!

CELEBRATIONS AND ACTIVITIES

SPECIAL ASSEMBLY

Hindi Diwas

“हिंदू द्वारा संपूर्ण भारत को एक सूत्र में पिरोया जा सकता है।” - स्वामी विवेकानंद

The day was celebrated as a part of special assembly in which students presented a skit showcasing the importance of this day and the beauty of this language.

Teachers' Day

The dream begins, most of the time, with a teacher who believes in you, who tugs and pushes and leads you on to the next plateau, sometimes poking you with a sharp stick called truth. Students made this day a special and emotional one for all the teachers with their well organized and carefully executed plan. There were many cultural programs that were a visual treat. Students also got firsthand experience of teaching lower classes.

Grandparents' Day

Grandparents of Preprimary to Grade 2 were invited to school to make them feel special for what they do each day without expecting anything in return. The grandparents were welcomed in traditional way with a tilak. Students performed dance and skits for their grandparents.

We were delighted to hear some of the grandparents their words motivated all the teachers. All students' grandparents participated in games and dancing and rehearsed their childhood as a child with the children.

The entire team of SISU was glad the program was liked by all our lovely grandparents.

PTM

Parent teacher meetings are always fruitful because at SISU we welcome any feedback the parent has about the school. Parents also being very active and supportive members of the school, play a vital role in the success of the school. Parents were informed about the changes made in midterm pattern and all their concerns regarding exams were attended to. Parents were shown the quiz papers too which are a part of multiple assessment.

Rhyme Singing Competition:

The first round of rhyme singing competition was held in the preprimary section. The selected students will compete in the zonal round followed by the all India round.

PARENT'S TALK

We are the parents of Deyaan P Suthar, a student of Sr.Kg-2022. We are very glad that school management is asking for feedback about the school and the staff. Here we would like to highlight some points as below.

Campus: School campus is very good, clean and very spacious for learning and other curriculum activities. Rooms in school are very neat and clean.

Activities: School management is celebrated each and every festival and at those festivals the involvement of students and teachers are very good and also they invite parents to see their child's performance. The head of the school organises mini-tours or picnics, which is a lifelong learning process, alongside education, they also know the world.

Teachers and support personnel:- The teachers are incredible, very nice and helpful to the students. They are very enthusiasts and helping they helps children any time thank you for that.

Principal:- Always pleased to help and support.

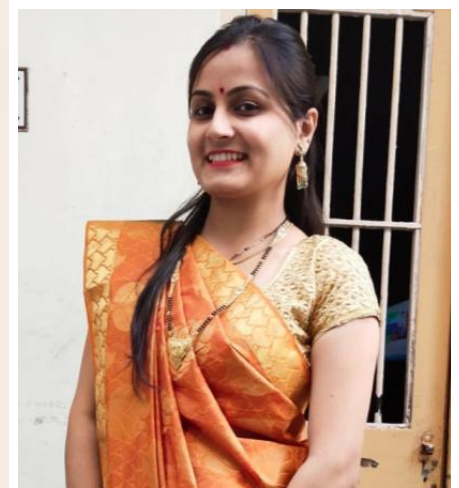

Overall we are happy to say that we are directly or indirectly part of the good organization and would like to stay connected for future also.

TEACHER'S TALK

I Dhruvi Padhya working as a Social Mentor at Shanti International School Unjha, under the flagship of Education India, I am glad to be a part of this school and I take Sr.Kg Class. During the time of pandemic, our school has always been updated with the changes happening and the changes needed in the school for giving teachers and students the best inputs and guide them in right direction. I am very much thankful to the School Management for giving me best opportunity to serve the school as well as our students growth and development by providing great valuable and quality of education to all the students.

Dhruvi Padhya
